**BLACK BARREL** is the ideal mixer for long drinks and cocktails. The spicy taste goes perfectly with rum & cola and cocktails that require a good dark rum with flavor and character.

**BLACK BARREL** is created as a co-lab between our master blender and renowned bartenders. As the name sug-

gests, it is aged in charred oak barrels. The charred surface reduces tannins and opens the pores of the wood, giving the alcohol a deeper and softer taste. The result is a deep, aromatic flavor that gives your drink or cocktail extra finesse. A quality blend that can also be enjoyed neat or on-the-rocks.
