A TREAT FOR CONNOISSEURS

Non Plus Ultra "Black Edition" is a treat for connoisseurs. Our master blender has created this exclusive blend from his finest discoveries from the West Indies and Central America. As the name "Black edition" suggests, this Limited Edition is aged handpicked oak casks. Each barrel is carefully selected to create a harmonious blend that captures the essence of the A.H. Riise traditions. This process requires a lifetime of knowledge in the art of blending. "Black Edition" is the result of our master blenders excellent craftsmanship. Nothing is left to chance — neither the faceted carafe, the dark red mahogany glow, nor the unique taste experience.

Non Plus Ultra Black Edition is indeed a sublime treat for connoisseurs.
